Dear Steve,

This morning I received a letter from Legal & General confirming payment to my bank of the tax free cash element of my annuity. I now look forward to receiving the regular payments from them.

May I take this opportunity of expressing my appreciation of the courteous and efficient manner in which you have dealt with my transfers. As an ex financial adviser, I am fully aware of the complex situation with which you were presented and I am most impressed with the way you handled the transaction, as well as your prompt responses to my messages and questions. I would certainly be very happy to recommend you to anyone else requiring help with their annuity arrangements.

Yours sincerely,

Henry Barnett

PS You are welcome to use this letter as a testimonial.
