RE: ANNUITY PURCHASE

Following my recent retirement, I needed to find the best possible pension annuity and with some assistance from my employer, contacted **Annuity Advisor.co.uk**, by e-mail.

I was able to secure a much higher monthly payment than my occupational scheme could offer and the process was very simple.

My appointed representative from **Annuity Advisor.co.uk** sent me all the necessary paperwork which was easy to understand and very straight forward; he had even put little notes at important points!

Within a couple of weeks of returning the paperwork, I received my first payment.

The process was simple, straightforward and financially I am receiving a higher monthly payment. This was all completely free of charge so I had nothing to loose!

I recommend the annuity services provided by **Annuity Advisor.co.uk**

Yours faithfully
